NEW PRODUCTS

REACTOR™

NEW!
R5-R ELITE RED LASER

The **REACTOR** family is now complete with the introduction of the best red laser on the market – **R5-R** Elite Red™. It's the perfect combination of the same high-quality materials used in the **R5** 532nm green laser with a 635nm red laser that is brighter than the competition. The **R5-R** includes a two-color

battery level indicator, Enhanced Combat Readiness (ECR™), and an ECR™ Instant-On™ holster. So, when you draw, it's on!

**ALL MODELS AVAILABLE
IN THREE VERSIONS:**

- R5** Viridian Green™ Laser
- R5-R** Elite Red™ Laser
- RTL** Taclight with Radiance™

NEW!
In addition to the Ruger® LCP and LC9 / 380, the **REACTOR** now fits M&P Shield and Kahr 9 / 40 & .45 ACP with more fits coming soon!

2 MODELS: 9mm / .40 Polymer Framed Pistols & .45 ACP Polymer Framed Pistols

**ALL PRODUCTS COME
ECR™ EQUIPPED FOR
INSTANT-ON™ ACTIVATION.**

C SERIES™

NEW!
C5-R ELITE RED LASER

Elite Red™ laser and ECR™ technology at an unbeatable price!

IMPROVED!
CTL TACLIGHT WITH RADIANCE™

For 2014 the **CTL** goes on a diet. Made of Zytel® polymer the new, lighter **CTL** with Radiance™ lights up the competition with an MSRP of \$129!

X SERIES™

NEW!
