LASERS / LIGHTS / HOLSTERS

NEVER GO NAKED™

#NoNakedGuns

#NeverGoNaked

BECAUSE UNEQUIPPED = UNPREPARED When the world unveils its darker side, do not be caught off guard by carrying a naked gun. You cannot control what happens on the street but you can control how you will respond if trouble finds you.

Be equipped. Be proficient. Be ready. Never Go Naked™.

JOIN THE MOVEMENT AT WWW.NEVERGONAKED.COM

PETER JOHNSON ARCHWAY DEFENSE

“When evil strikes, your mind, your training,
and your gear are all you have, Never Go Naked.”

DESIGNED AND BUILT IN THE USA

A man with a beard and short hair, wearing a dark zip-up jacket and jeans, stands against a solid green background. The image is monochromatic, with the man's clothing appearing in shades of dark green and black. The text is overlaid on the image.

WE'RE READY
READINESS REINVENTED.

READY. ARE YOU?

MEET BRIAN AND TOM These guys introduced the first green laser sight 10 years ago; because they knew they could do better. Much has changed since they bet it all on a vision, but that classic American Dream story never gets old. Hard work. Curiosity. No fear of failure. Add all that together – along with a thousand late night pizza deliveries – and you have the story behind **Viridian®**.

In 2016 we celebrate our 10 year anniversary. It's a milestone but it's not our final destination. Our promise to you is simple; each and every day our team will dream up new weapon technology, go full throttle to push innovation to its max, and offer you the best damn products on the market today. And tomorrow, we will do it all over again. Curiosity never stops. It only leads to the next big thing. **We're ready. Are you?**

5

INNOVATORS OF **VIRIDIAN.** TECHNOLOGY

VIRIDIAN OFFERS CHOICES WITH LASERS...

VIRIDIAN GREEN® LASERS utilize a precise 532nm wavelength that is near the center of the visible spectrum, creating an optimum targeting dot that's up to 50x brighter than conventional red, visible at all times, under all conditions, and effective at distances no ordinary laser can achieve indoors or outdoors.

VIRIDIAN ELITE RED™ LASERS utilize a precise, advanced 635nm laser wavelength to generate the brightest, sharpest red dot possible, for more positive targeting, higher accuracy, and stronger intimidation in situations where lesser lasers may fade and fail.

THE VISIBLE SPECTRUM WAVELENGTH IN NANOMETERS

A WIDER BEAM FOR MORE COVERAGE

RADIANCE® TACLIGHT TECHNOLOGY expands light into a wider beam, revealing over twice the horizontal area of conventional taclights. With no wasted light above or below your target area, you get a better picture, faster discovery, smoother tracking and more positive targeting than any other weapon-mounted tool. Radiance® is standard on Reactor® and C-Series® taclights.

RADIANCE®

TRADITIONAL

LOGY

INSTANT-ON®

ALL PRODUCTS EQUIPPED WITH ENHANCED COMBAT READINESS (ECR®) INSTANT-ON®

When you draw, it's on. Instant-On® is the world's first automatic laser / taclight activation system. Just pre-set your Viridian® laser / taclight mode and slide your gun into an ECR® Instant-On® holster. The instant you draw, the laser / taclight ignites automatically - no fumbling with buttons, squeezing grips or changing your hold.

ECR® Instant-On® is the fastest, simplest activation available. See video at www.virdiangreenlaser.com

1. ECR® Instant-On® feature shuts the Viridian® laser / taclight off while holstered.

2. The laser / taclight instantly ignites the moment you draw.

REACTOR[®]

CARRY SMALL. RESPOND BIG. 

REACTOR

CARRY SMALL. RESPOND BIG.

REACTOR® 5 GREEN LASER + INSTANT-ON® HOLSTER

REACTOR® 5-R RED LASER + INSTANT-ON® HOLSTER

REACTOR® TL TACLIGHT WITH RADIANCE® + INSTANT-ON® HOLSTER

The threat-stopping impact of Viridian® now fits pocket pistols. The Reactor R5 green laser sight is up to 50 times brighter than red lasers, with ECR® Instant-On®. The Reactor R5-R has all the same great quality and performance you expect from Viridian but with a red laser for those on a budget. The Reactor TL, with Radiance® technology and ECR® Instant-On® illuminates over twice the horizontal area for greater security after dark. Each blends seamlessly into the trigger guard for invisible profile and smooth draw, giving pocket pistols new clout when it counts.

ILLUMINATE

TOR SERIES™

WEAPON MOUNTED, LONG RANGE ACCURACY.

ILLUMINATOR SERIES™

WEAPON MOUNTED, LONG RANGE ACCURACY.

Viridian's long range illuminators deploy a high-intensity, next-gen CREE® LED technology that throws a brilliant, tactical-grade light beam far downrange. State-of-the-art optics hyper-focus the light to generate industry-leading range clarity, allowing you to confidently identify the target – either man or beast – with a high degree of confidence.

WHY GREEN?

Virtually invisible to hogs and similar prey to keep your quarry calm as you ready your shot.

WHY RED?

Non-spooking beam locates varmints and is ideal for blood tracking.

WHY WHITE?

Stunning beam for tactical and defensive situations to confidently identify the target.

WHY INFRARED (IR)?

Maximizes night-vision acuity for spot-on targeting with any Gen 1, 2 or 3 gear.

* IR Models are subject to ITAR restrictions. Learn more at the Viridian website.

IMPORTANT SAFETY INFORMATION RELATING TO VIRIDIAN LASER SIGHT PRODUCTS.
LASER LIGHT - AVOID DIRECT EYE EXPOSURE!

CLASS 3R LASER PRODUCTS. CAUTION! DIRECT EYE EXPOSURE TO LASERS CAN CAUSE TEMPORARY OR PERMANENT EYE DAMAGE. DO NOT STARE INTO THE LASER BEAM. DO NOT LOOK INTO THE LASER BEAM THROUGH BINOCULARS OR TELESCOPES. DO NOT POINT THE BEAM AT MIRROR-LIKE SURFACES. DO NOT SHINE THE LASER BEAM INTO OR NEAR ANYONE'S EYES. DO NOT POINT THE LASER AT ANY PERSON, ANIMAL, OR MOVING VEHICLE, INCLUDING AIRCRAFT.

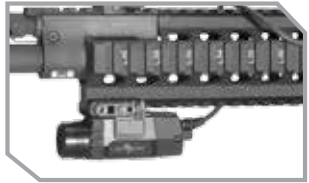

WARNING: CERTAIN VIRIDIAN PRODUCTS ARE POTENTIALLY SUBJECT TO U.S. EXPORT REGULATIONS OR FOREIGN COUNTRY IMPORT REGULATIONS AND MAY NOT BE SHIPPED TO CERTAIN COUNTRIES, OR IN SOME CASES MAY BE SUBJECT TO LICENSING REQUIREMENTS FOR COMPLIANT EXPORT SHIPMENT. VIRIDIAN WILL NOT DISTRIBUTE ANY PRODUCTS IN VIOLATION OF U.S. EXPORT LAWS AND/OR REGULATIONS, INCLUDING BUT NOT LIMITED TO ITAR OR EAR. PLEASE REVIEW APPLICABLE U.S. EXPORT REGULATIONS FOR FURTHER DETAILS AND EXPLANATION. VIRIDIAN RESERVES THE RIGHT TO CHANGE OR ADJUST PRODUCT SPECIFICATIONS, CONSTRUCTION, OR FUNCTION AT ANY TIME AND WITHOUT NOTICE. PLEASE SEE VIRIDIAN WEBSITE FOR DETAILED EXPORT COMPLIANCE AND UPDATED PRODUCT INFORMATION.

NOTE: C and X series are universal and can fit almost any weapon equipped with a picatinny rail. The weapons listed represents only the gun models that have Tacloc® holsters available. Flat Dark Earth (FDE) color is available on X5L and X5L-RS Models. Contact customer service with any questions to properly fit your weapon of choice.
FOR LONG GUNS, RIFLES AND SHOTGUNS EQUIPPED WITH A PICATINNY RAIL, WE SUGGEST THE X5L-RS MODEL. See Page 19 for more details.

EXAMPLES OF A PICATINNY RAIL

RICH NANCE WARTAC CQC

"In today's world, threats appear at a moment's notice. Make sure you're prepared. Never Go Naked."

NEVER GO NAKED™

#NoNakedGuns

#NeverGoNaked

BECAUSE UNEQUIPPED = UNPREPARED You have a choice each morning. Walk out that door prepared for whatever life throws your way; or step into the world naked and unprepared. Unless you like being considered a soft target, you know what choice to make.

Be equipped. Be proficient. Be ready. Never Go Naked™.

DESIGNED & BUILT IN THE USA

AMERICAN PRODUCTS DEFENDING AMERICAN RIGHTS

EVERY American has the right to personal safety and security. We're proud to enhance this right with premium laser sights, tactical lights, illuminators, holsters and accessories designed and built in the USA.

At our Minnesota headquarters, we develop, test, perfect and manufacture the most advanced, most effective ways to give law enforcement, security personnel and law abiding citizens every possible advantage over whatever evil they may face. We're proud of the jobs we create, the virtues we support, and the products we offer - American products that help our friends and customers achieve what may be the greatest of American freedoms: freedom from fear.
