NEW!
REACTOR TL
RADIANCE™ EQUIPPED
TACTICAL LIGHT

REACTOR™ SERIES

The world's first pocket pistol green laser, the new Reactor™ 5 equips pocket guns with Viridian Green™ targeting that's up to 50 times brighter than red lasers, plus Enhanced Combat Readiness™ (ECR™) for instant activation. The world's first pocket pistol taclight, the new Reactor™ TL carries exclusive Radiance™ technology to illuminate over twice the horizontal area, plus ECR™ for instant, automatic ignition. Each blends seamlessly into the smallest gun, for invisible profile, smooth draw and optimum readiness. Now, pocket pistols have real clout when it counts.

INCLUDES POCKET HOLSTER FOR ECR™ ACTIVATION

ELITE RED™ LASER SIGHT + TACTICAL LIGHT

ELITE RED™

The advanced design and optimized performance of Viridian Green™ lasers, now available in the brightest red laser format possible: Viridian Elite Red™ 635 nm laser sights. With ambidextrous multi-mode design, Radiance™ illumination, instant Enhanced Combat Readiness™ (ECR™) activation and low profile, no-overhang design made to fit any railed weapon, Elite Red™ is the ultimate red laser system.

reinvention of red.

ADVANCED 635 WAVELENGTH

VIRIDIAN ELITE RED™ LASERS UTILIZE A PRECISE, ADVANCED 635 NM LASER WAVELENGTH TO GENERATE THE BRIGHTEST, SHARPEST RED DOT POSSIBLE, FOR MORE POSITIVE TARGETING, HIGHER ACCURACY, AND STRONGER INTIMIDATION IN SITUATIONS WHERE LESSER LASERS MAY FADE AND FAIL. IF YOU PREFER RED LASER TARGETING, ELITE RED™ IS THE PREFERRED TARGETING SYSTEM.

THE VISIBLE SPECTRUM
WAVELENGTH IN NANOMETERS

635 ELITE RED™

The dim red dots of ordinary lasers can leave you vulnerable. New Viridian Elite Red™ produces a red hue intensity no conventional laser can achieve, for explosively sharp, clear indoor and low light targeting no standard laser can match. Partnered with ECR™ instant activation, Radiance™ illumination, multiple modes, extended run time, precision fit and tight, lean profile, Elite Red™ technology raises red lasers to a whole new level.

C5LR

ELITE RED™ LASER SIGHT + TACTICAL LIGHT

OVERSIZED IMPACT FOR SUBCOMPACTS.

Fits tightly under muzzle for surgical accuracy without bulk. Elite Red™ laser for bright, positive targeting. Radiance™ wide-beam taclight technology to scan less and see more. ECR™ enabled for instant response. Partner up and be ready.

WEIGHT: 1.664 oz.
(including battery)
Lightest in its class

CONSTRUCTION:
High strength
Zytel® polymer

LASER INTENSITY:
5mW peak / 635nm
Optimum wavelength

LASER RANGE:
Targeting up to
25 yards daylight
1 mile at night

USER ADJUSTABLE:
Easy windage /
elevation adjustments
on laser

BATTERY LIFE:
20+ hours constant laser
35+ hours pulsing laser
75 minutes laser / light

TACTICAL LIGHT:
100 lumens constant
140 lumens strobe

ACTIVATION / MODES:
Automatic activation
with ECR™ / User-defined
operating modes

X5LR

ELITE RED™ LASER SIGHT + TACTICAL LIGHT

BIG SURPRISE FOR BAD GUYS.

The lean X5L-R fits your full-sized pistol as tight as a tattoo, arming you with Elite Red™ laser precision and weapon-mounted taclight illumination for clear, positive targeting. With ECR™ instant activation and an arsenal of custom laser and taclight modes, this is the system of choice for those who prefer red lasers.

WEIGHT: 2.166 oz.
(including battery)
Lightest in its class

with ECR™ / User-defined
operating modes

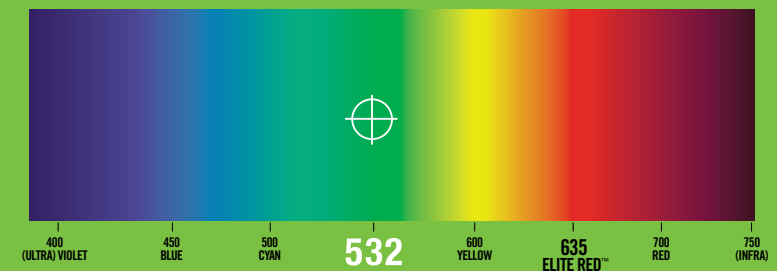

reinvention of green.

OPTIMUM 532 WAVELENGTH

THE VIRIDIAN GREEN™ 532 NM WAVELENGTH IS NEAR THE CENTER OF THE VISIBLE SPECTRUM, CREATING AN OPTIMUM TARGETING DOT THAT'S UP TO 50 TIMES BRIGHTER THAN CONVENTIONAL RED, VISIBLE AT ALL TIMES, UNDER ALL CONDITIONS, AND EFFECTIVE AT DISTANCES NO ORDINARY LASER CAN ACHIEVE. THIS IS THE LASER TO RELY ON FOR MAXIMUM TARGETING POWER DAY OR NIGHT, INDOORS OR OUT.

THE VISIBLE SPECTRUM

WAVELENGTH IN NANOMETERS

532

VIRIDIAN GREEN™

VIRIDIAN GREEN™ LASER SIGHTS + TACTICAL LIGHTS

The world's first pocket pistol-mountable green laser sight is also the world standard for maximum visibility, repeatable accuracy and cutting-edge technology. With effective targeting range up to 2 miles, multi-mode flexibility, instant ECR™ activation, Radiance™ illumination, the industry's toughest construction, and tight precision fit on any railed weapon from subcompact to shotgun, there is no more capable and versatile laser targeting system.

REACTOR™ 5

VIRIDIAN GREEN™ LASER SIGHT + HOLSTER

INCLUDES POCKET HOLSTER FOR ECR™ ACTIVATION

CARRY SMALL. RESPOND BIG.

It's the ultimate targeting system for your pocket pistol. All-conditions Viridian Green™ laser sighting, custom-fit to your weapon. Instant Enhanced Combat Readiness™ activation. And a sleek ECR™ enabled pocket holster that keeps your advantage invisible until the moment you draw. In a split second the world's brightest laser ignites, to pin your target day or night, indoors or out. No fumbling with buttons in critical situations. When you draw, it's on.™

WEIGHT: .78 oz.
(including batteries)
Virtually weightless

LASER INTENSITY:
5mW peak, 532nm
Maximum legal power

X5L-RS

VIRIDIAN GREEN LASER SIGHT + TACTICAL LIGHT

MISSION READINESS FOR LONG GUNS.

Elevate your rifle or shotgun to peak tactical function with the most advanced all-conditions laser and taclight system available. The Viridian Green™ laser sight is visible day or night, indoors or out. The weapon-mounted taclight provides hands-free, multi-mode flood and strobe. Easy rotary dial selector programming on the unit, instant finger-pad activation where you want it, and lean, tight fit to your weapon give you maximum combat-ready capability in any situation.

WEIGHT: 3.3 oz. (including battery) Lightest in its class	LASER INTENSITY: 5mW peak / 532nm Maximum legal power	USER ADJUSTABLE: Easy windage / elevation adjustments on laser	TACTICAL LIGHT: 160 lumens constant 190 lumens strobe

CR123 x1

MULTI-MODE PRECISION
Easy rotary selector dials in exact laser/taclight mode for optimum function.

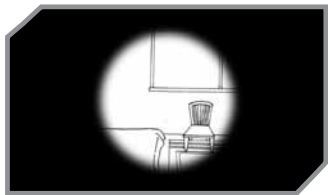

FINGERTIP ACTIVATION
Unique two-button pad puts activation at your fingertips for instant response.

re-invention of illumination.

RADIANCE™ TECHNOLOGY

OUR PATENT-PENDING RADIANCE™ TECHNOLOGY EXPANDS LIGHT INTO A WIDER BEAM, REVEALING OVER TWICE THE HORIZONTAL AREA OF CONVENTIONAL TACLIGHTS. WITH NO WASTED LIGHT ABOVE OR BELOW YOUR TARGET AREA, YOU GET A BETTER PICTURE, FASTER DISCOVERY, SMOOTHER TRACKING AND MORE POSITIVE TARGETING THAN WITH ANY OTHER WEAPON-MOUNTED LIGHTING TOOL. SINCE MOST ARMED CONFLICTS OCCUR AFTER DARK, UNMATCHED RADIANCE™ ILLUMINATION GIVES YOU A POWERFUL AND CRITICAL ADVANTAGE.

CONVENTIONAL TACLIGHT

RADIANCE™
COMBAT OPTICS

REACTOR™ TL

WORLD'S 1ST POCKET PISTOL TACLIGHT

CARRY SMALL. RESPOND BIG.
Exclusive Radiance™ technology illuminates over twice the horizontal area of conventional lights for faster discovery, smoother tracking and decisive targeting. Enhanced Combat Readiness™ (ECR™) ignites your tactical light instantly upon draw. The included custom pocket holster keeps your advantage hidden and ready.

RADIANCE™

COMBAT OPTICS

Exclusive Radiance™ technology provides the world's most effective combat-oriented approach to weapon-mounted lighting. Radiance™ spreads light over the widest area of any gun-mounted light to illuminate, identify and disorient your target faster and more completely. With new Radiance™ on your weapon, more impact is on your side.

CTL

COMPACT TACTICAL LIGHT

FITS ANY PISTOL. REVEALS EVERY DETAIL.
The multi-mode CTL with Radiance™ wide-beam technology fits neatly under the muzzle and illuminates over twice the horizontal area of other weapon lights for faster discovery, smoother tracking, and decisive targeting when seconds count.

- WEIGHT:** 1.614 oz. (including battery)
- ACTIVATION / MODES:** Constant or strobe
User-defined operating modes / Automatic activation with ECR™
- BATTERY LIFE:** 60 minutes constant

CR2 x1 **RADIANCE™** COMBAT OPTICS 

the reinvention of carry.

HOLSTERS & ACCESSORIES

EFFECTIVE CARRY DEMANDS HOLSTERS THAT FIT A LASER-EQUIPPED PISTOL EXACTLY, HOLD THE WEAPON SECURELY, AND RELEASE QUICKLY. VIRIDIAN TACLOC™ HOLSTERS DO EXACTLY THAT, WITH THE ADDED BENEFIT OF ENHANCED COMBAT READINESS™ (ECR™) TO ACTIVATE YOUR VIRIDIAN LASER/TACLIGHT WHEN YOU DRAW. AND TO ENSURE CONSTANT READINESS, VIRIDIAN TACTICAL ENERGY™ BATTERIES, SPECIFICALLY MADE FOR LASERS AND TACLIGHTS, PROVIDE MAXIMUM SUSTAINED POWER FOR EXTENDED PERIODS – IN STORAGE AND IN ACTION. WHEN LIVES DEPEND ON YOUR TARGETING SYSTEM, VIRIDIAN HOLSTERS AND ACCESSORIES ARE THE FAIL-SAFE CHOICE.

TACLOC™
LASER-READY AUTOLOCKING HOLSTER

TACLOC™

Pre-set your Viridian® mode, slide your handgun into your TacLoc™ holster, and you're ready for any situation. Perfect fit, instant auto-lock, fingertip release and ECR™ instant laser ignition give you faster, more accurate response than ever before.

1 Grip weapon with index finger extended

2 Lay finger on TacLoc™ release, press and draw

3 ECR™ system instantly ignites laser and/or taclight, with finger aligned in ready position

TACTICAL ENERGY+ BATTERIES

Engineered to deliver maximum energy to laser sights and taclights, for critical targeting and failsafe illumination when lives are on the line. Advanced ultra-lithium technology amplifies output, duty life and standby power for intensified performance in every mode and situation. This is the premium power that crucial combat tools demand.

- Designed for laser sights, weapon lights, tactical flashlights
- Optimum tactical energy in CR2, CR123A, CR1/3N sizes
- Extended standby power for critical reliability
- Full power delivery for the life of the battery
- Low-impact, recycle-friendly design

AMERICAN PRODUCTS, DEFENDING AMERICAN RIGHTS.

EVERY AMERICAN HAS THE RIGHT TO PERSONAL SAFETY AND SECURITY. WE'RE PROUD TO ENHANCE THIS RIGHT WITH PREMIUM LASER SIGHTS, TACTICAL LIGHTS, HOLSTERS AND ACCESSORIES DESIGNED AND BUILT IN THE USA.

At our Minnesota headquarters, we develop, test, perfect and manufacture the most advanced, most effective ways to give law enforcement, security personnel and law abiding citizens every possible advantage over whatever evil they may face. We're proud of the jobs we create, the virtues we support, and the products we offer – American products that help our friends and customers achieve what may be the greatest of American freedoms: freedom from fear.

FEATURE GLOSSARY

When you draw, it's on.
Enhanced Combat Readiness™ is the world's first laser carry / activation system. Just pre-set Viridian laser / taclight mode, and slide your gun into a TacLoc™ holster. The instant you draw, laser / taclight ignite automatically - no fumbling with buttons, squeezing grips or changing your hold. ECR™ is the fastest, simplest activation available.

Scan less, see more.
Radiance™ technology illuminates over twice the horizontal area of conventional taclights, putting light where it's needed for faster acquisition, smoother tracking and positive targeting. With no light wasted on floor and ceiling, you'll get more effective picture, react faster, and find and disorient your target more decisively.

Visible anytime, anywhere.
Up to 50 times brighter than conventional red lasers for optimum visibility indoors and out, around the clock. Proven in self-defense, law enforcement, security and military applications, preferred by those who demand the ultimate laser targeting system. Multi-mode programmable, virtually indestructible.

Brighter and better.
Our Elite 635 nm wavelength produces a distinct red color so intense, vibrant and visible, it blazes at close range and stays spot-on sharp up to a mile away. Ordinary red lasers pale by comparison. Advanced multi-mode programming gives you more functions and flexibility. Viridian combat-proven reliability means greater confidence in your targeting.
